Dear Chris:

Thank you very much for supplying the *PREMIER COURT*® Tennis Surface for this year's Dupont WORLD TEAMTENNIS All-Star Smash Hits benefiting the Elton John AIDS Foundation. The event proved to be a tremendous success.

This being our first experience using *PREMIER COURT*®, I was extremely impressed with the cushion and play of the tennis court. This particular court seemed to play with a medium-fast pace, which was great for the differing caliber and ages of the players involved. The players commented that they enjoyed playing on the surface.

It was a pleasure working with you on this event and we look forward to featuring *PREMIER COURT*® at future WORLD TEAMTENNIS events.

Sincerely,
